

1st Multinational sealice workshop

Bergen – Norway
10.-11. February 2010

Based on experience

- "War against sealice" ~ 1990
 - Basic IPM principles established
- Tri-national cooperation on PD/SAV and similar diseases
 - Ireland, UK and Norway
 - Cross-country networking, sharing of data, methods results, discussions, funding
 - 2 workshops per year. Alternating between countries
 - # 10 coming up in Bergen 14.-16.April 2010

Main goals for the workshop

- Identify main knowledge gaps and suggest R&D pathways for closing them
- Identify crossterritory synergies / links
- Identify specific areas for sharing BMP's on operational issues and mechanisms and responsibilities to do so
